

WORKSHOP ON "CFD AND EFD FOR SHIP DESIGN", 12-14 AUGUST 2013.

A workshop on Computational and Experimental Fluid Dynamics for Ship Design was conducted at IIT, Madras on 12,13 & 14 August 2013. Twenty three designers from Defence Shipyards and the Indian Navy participated. Faculty members of IIT, Madras, Scientists of NIOT and Naval Architects of Indian Navy conducted the workshop. Aim of the workshop was to orient ship designers with CFD and EFD with the aim of using them as design tools for ships. Participants visited NIOT and EFD facilities at IIT, Madras.
